QO smart panel solution

Transform QO Plug-on Neutral panels into smart panels

The fast, simple and affordable path to smart panel functionality with Square D™ the trusted leader in circuit protection.

Make your job easier:

- **Faster install:** Quickly and easily install the Schneider Energy Monitor and Square D™ control relays into any QO PoN panel.
- **Modular/scalable load control:** Install relays where your homeowners want circuit-level control of appliances like electric water heaters, ovens and HVAC systems. Add Schneider X series connected wiring devices for control at the plug and switch level.
- **Easy maintenance:** Easily swap out the impacted relay without replacing the entire load center, benefiting you and the homeowner.
- **Future-proof:** Choose QO PoN panels for a safer, more reliable product that simplifies adding future load control, solar, storage and EV charging capabilities.

Homeowner benefits:

- **Save money:** Understand where and how energy is being used to gain more control over their energy usage.
- **Reduce energy usage:** Remotely turn off power to specific electrical loads when unnecessary.
- **Extend backup power runtime:** Control what devices are powered on and off, anytime, even during an outage.
- **Monitor energy 24/7 in one app:** Access and manage energy usage in real time with the Schneider Home app.
- **Future-proof their home:** Easily add solar, EV charging and battery backup in the future.

Life Is On

Schneider Electric

QO™ Load Centers

Choose any QO PoN panel and QO circuit breakers, either new or existing. Add the Surgebreaker Plus Whole House device to deliver surge suppression for the entire home.

Choose a monitor and control relays to enable smart functionality. Add connected wiring devices for even more control.

Schneider Energy Monitor

The Schneider Energy Monitor provides real-time usage and cost data, empowering homeowners to take control of their home's energy use. Easy and quick installation into the electrical panel.

Description	Catalog Number
Schneider Energy Monitor, 1 set of CTs	WISEREMZ
Schneider Energy Monitor, 2 sets of CTs (one for Solar)	WISEREMPVZ

Square D™ Control Relays

Square D Control Relays provide enhanced home automation and control over individual circuits. A modular and scalable load control solution, they allow customizable monitoring, scheduling, and control of the specific circuits you choose.

Description	Catalog Number	Spaces	Circuits	Voltage	Works with	Cert.	Requires	W x H x D (mm)	W x H x D (in)	A (Max)
Square D Control Relay 120V Dual Relay	QO200PWX120	2	2	120/60Hz	Schneider Home app	cULus	WISEREMPVZ WISEREMZ	190 x 106 x 43	7.5 x 4.2 x 1.7	20
Square D Control Relay 240V Dual Relay	QO200PWX240		1	240/60Hz						30
	QO260PWX240	4						127 x 73x 66	5 x 2.8 x 2.6	60

Schneider X Series Connected Wiring Devices

Schneider X Series connected wiring devices are designed for enhanced aesthetics and durability. Provide your homeowners with control at the plug and switch level. These Matter-compliant devices can be controlled through any major smart home platform like Amazon Alexa, Google Home, and Apple HomeKit.

Connected devices (with energy monitoring)			
Description	Catalog Number	Color	Connected
Matter Wi-Fi switch single pole/3-way	SQR141U1	WH, LA, BK, GY	WM
Matter Wi-Fi 600 W dimmer single pole/3-way	SQR226U1	WH, LA, BK, GY	WM
Matter Wi-Fi 15 A TR receptacle	SQR441U1	WH, LA, BK, GY	WM
Matter Wi-Fi switch single pole/3-way with wall plate	SQR141U1	WH	WMP
Matter Wi-Fi 600 W dimmer single pole/3-way with wall plate	SQR226U1	WH	WMP
Matter Wi-Fi 15 A TR receptacle with wall plate	SQR441U1	WH	WMP

Available in four colors

- White (WH)
- Light Almond (LA)
- Black (BK)
- Gray (GY)

Connected legend

WM = Matter-compliance
P = Wall plate included
